Once this form is completed please sign and forward it to your Sales Representative by fax or email.

Electrode Arrays L.L.P is committed to “achieve the highest level of customer satisfaction through continuous improvements”. Through this commitment we have developed a form which will allow you to describe your cap configuration. We will manufacture your cap according to your specifications.

Please note: **No deviations** will be allowed unless requested prior to the work done. All changes must be approved in writing. Any changes made by the customer after the work is completed and shipped will be charged to the customer.

MONTAGE 21CH.
